

DESIGN DISCLOSURE FORM

The Design Disclosure Form (DDF) is the initial step in the University's process for identifying Intellectual Property. This form is to be treated as confidential until a design application is filed or the design work is publicly disclosed through any publication process. The information provided in this form will be shared exclusively with the University and its Intellectual Property Experts team, all of whom are bound by a Non-Disclosure Agreement (NDA).

1. PARTICULARS OF INVENTORS
